

1. INTRODUCTION

A neutral water based high foam shampoo and wax designed primarily for day to day use.

SAS1045

2. WHERE TO USE

- On all domestic and light commercial vehicles.

3. WHERE NOT TO USE

- On any application in direct sunlight.

4. BENEFITS

- Based upon surfactants known to be easily biodegradable and compliant with EC648/2004 (The Detergents Regulations 2005).
- Safe on all types of paintwork.
- Removes greases, oils, grime and traffic film
- Free of organic solvents.
- Suitable for use in cold, warm or hot water.

5. PHYSICAL PROPERTIES

Appearance	A mobile yellow translucent liquid with a fruit odour.
pH	7 – 9
Specific Gravity	1.000 to 1.006
Composition Data, descriptive	Water, a blend of amphoteric, anionic and non-ionic surfactants, inorganic water softener, synthetic fragrance and preservative.
Non Volatiles %m/m	<10.0
Active Content %m/m	<10.0
Flammability, as supplied	Non flammable, wholly water based
Application Temperature	Ambient temperatures

6. APPLICATION DETAILS

Add between 0.35 and 0.4% to a bucket (30mls in a bucket containing 7-8 litres of water) and agitate until fully dissolved and a foam has formed.

Apply with a cloth, sponge or wash mitt. Rub over the surface and remove by rinsing immediately with clean water. Optimum results are obtained by drying with a chamois cloth or equivalent.
