

FACT SHEET

Product Name	SAS Leather Cleaner
Product Code	SAS2033
Date	25/05/16
Supplier's name and address	SAS Attack, Gelderd Road, Leeds LS12 6NA

SAS Leather Cleaner incorporates a blend of unique materials that form the minute they are sprayed the high foaming solution digs deep to remove the unwanted dirt from the surface.

SAS Leather Cleaner progressively lifts and suspend dirt and grime into the foamed solution, once suspended, the foam can be easily removed with a clean microfibre towel.

SAS Leather Cleaner comes ready to use for easy dirt, grime and light stain removal.

Directions:

We recommend that it is sprayed on to the affected area liberally and then agitated lightly using a soft brush or microfiber cloth . This will produce a foamy lather, which breaks down as any soiling is progressively released. The remaining foam should be wiped away using a clean damp microfibre towel, and then left to dry naturally.

We hereby confirm that the above product meets all the required manufacturing specifications and Quality Control procedures as implemented by SAS Attack.
