SAS Silicone Tyre Dressing returns your rubber to a slick black sheen, making older rubber look new again. It is the perfect way to finish your wheels and an essential step for the perfectionist.

SAS Silicone Tyre Dressing is an easy to use spray on product to be applied to dry tyre walls.

Ensure the side wall of the tyre is free of dirt and old coatings so the dressing has maximum contact with the rubber.

Directions for use

Apply a coat of SAS Silicone Tyre Dressing directly to clean dry tyres and gentle wipe over with a tyre dressing applicator.

We hereby confirm that the above product meets all the required manufacturing specifications and Quality Control procedures as implemented by SAS Attack.
