

FACT SHEET

Product Name	SAS Tar & Gum Remover
Product Code	SAS2058
Date	25/05/16
Supplier's name and address	SAS Attack, Gelderd Road, Leeds LS12 6NA

An extremely strong remover which will instantly dissolve tar on paintwork and plastics enabling it to be wiped off with a routine shampoo. It also removes oil, grease, silicones, wax, gum, fuel stains and adhesive residue. Do not allow product to remain on the surface for more than 2 minutes.

Directions for use

Spray the product onto the heavy dirt areas and leave to soak in for upto 60 seconds. Use a microfibre cloth or soft brush to loosen tar and glue. Finally rinse off.

Not to be used on refurbished wheels / smart repairs paint work / After market paint work, some plastic parts are susceptible to discolouration, always test product prior to applying to the cars surface

We hereby confirm that the above product meets all the required manufacturing specifications and Quality Control procedures as implemented by SAS Attack.
