

FACT SHEET

Product Name	SAS Concentrated Carpet Shampoo
Product Code	SAS2132
Date	25/05/16
Supplier's name and address	SAS Attack, Gelderd Road, Leeds LS12 6NA

Mildly concentrated solution which removes light and heavy soiling on all fabric substrates, can be used neat or diluted with water to your desired ratio.

SAS Concentrated Carpet Shampoo is produced with a range of surfactants specializing in breaking down oil and grease for quick and easy cleaning of porous materials.

Directions for use

Vacuum loose soiling. Heavy dirt areas pour a small amount of carpet shampoo direct to the stain. Recommended dilution on carpets is between 10:1 and 20:1, either in a automated carpet cleaner or by diluting in a bottle and spraying directly to the surface.

Once dry the carpet can be vacuumed to complete the process.

We hereby confirm that the above product meets all the required manufacturing specifications and Quality Control procedures as implemented by SAS Attack.
