

0809-Linen

Product Information

Description

A comfortable dyed cloth tape coated with a natural rubber adhesive system

Applications

- Sealing and identification of rigid metal, film canisters, magazines and cases
- Colour coding/identification
- Protection against abrasion

Technical Details

Total Thickness	0.25mm
Tensile Strength	70 N/25mm
Elongation	
Temperature	0-60°C
Steel Adhesion	2.8 N/25mm
Dielectric Strength	
Colours	Black, Blue, Red

The information supplied is accurate to the best of Bruce Douglas Marketing's knowledge and is based upon all current data available to it. Properties quoted are typical and do not therefore constitute a specification. Customers must complete their own assessment of the product for its intended application under their own conditions. Our technical advice is to be regarded as an expression of opinion only and although such advice is given in good faith, it shall not, in any circumstances, be regarded as the basis of or as being a representation or statement of fact. This applies also where propriety or protective rights of third parties are involved. Any liability arising in respect of our products will be strictly limited to the value of those products charged to the customer and shall not extend to any consequential loss whatsoever and howsoever arising. This document does not form part of any contract with a customer. (140306)
