

**Voluntary product information based on the format of a safety data sheet  
for organic bonded abrasives**

**1. Identification of product and company/undertaking:**

**1.1 Identification of the product:**

All organic bonded cutting and grinding discs.

**1.2 Use of the product:**

Organic bonded cutting and grinding discs for cutting or grinding different materials.

Steel, Stainless steel, Cast iron, Building materials, Natural stone – see name of the item (label)

**1.3 Details of the supplier of the voluntary product information:**

Company: DRONCO GmbH

Address: Wiesenmühle 1 Phone: ++49 (0) 9232 609-0  
95632 Wunsiedel Fax: ++49 (0) 9232 609-159  
Germany E-mail: [info@dronco.com](mailto:info@dronco.com)

Contact Person: Mr. Markus Schnabel E-mail: [mschnabel@dronco.com](mailto:mschnabel@dronco.com)

**Emergency Number**

+49 (0)551-19240

**2. Hazards Identification**

**2.1. Classification**

Not applicable

Abrasives are articles and not dangerous substances or mixtures according to directive 1999/45/EC or Regulation (EC) N° 1272/2008.

See also section 8 and 16.

**2.2. Label elements**

Abrasives are articles and not dangerous substances or mixtures and therefore no labelling is required according to directive 1999/45/EC or Regulation (EC) N° 1272/2008.

**2.3. Other hazards**

Not known

### 3. Composition/Information on Ingredients

The product contains the following classified ingredients:

	Name	CAS	EG Nr. (ELINCS/EINECS)	Concentration area	Classification	H-statements
	Kryolith	15096-52-3	227-410-6	0-15%	Specific Target Organ Toxicity (repeated exposure), Category 1; Acute toxicity, Category 4, oral; Acute toxicity, Category 4, inhalation; Hazardous to the aquatic environment, Chronic Category 2	H372 H302 H332 H411 P273 P314

(For the full text of the H-statements see section 16)

### 4. First Aid Measures

See also section 8 and 16

Inhalation:	Not possible, due to the form of the product
Eye contact:	Not possible, due to the form of the product
Skin contact:	No harmful effects known
Ingestion:	Not likely, due to the form of the product
Not to physician:	Not available

### 5. Fire Fighting Measures

#### 5.1. Extinguishing media

Extinguishing media: water, foam, sand, powder or CO<sub>2</sub> as appropriate for surrounding materials

#### 5.2. Special hazards arising from the product

Toxic fumes may occur. Use respiratory protective equipment.

#### 5.3. Advice for fire fighters

Extinguishing materials should be selected according to the surrounding area.

### 6. Accidental release measures

Not applicable.

### 7. Handling and Storage

Follow instructions of grinding machine manufactures and the relevant national regulations. In addition, observe

the safety recommendations of the manufacturer.

## 8. Exposure Controls / Personal Protection

Before grinding risk assessment should be performed and individual personal protection measures adopted accordingly.

8.1. Occupational exposure limit values and/or biological limits values

Keep exposure to the following components under surveillance

(Observe the regional official regulations for dust)

Name	CAS	Specification	Concentration limits (daily average value)	Peak-Limitation
Kryolith	15096-52-3	TRGS 900 (D)	2,5 mg/m <sup>3</sup>	Exceeding coefficient=2 (Period 15 min, average; 4 times per shift; periodic time 1h)

Note: Hazardous dust of workpiece material may be generated during grinding and/or sanding operations. National regulations for dust exposure limit values have to be taken into consideration.

8.2. Exposure controls

8.2.1. Occupational exposure controls

Observe the regional official regulations for dust

8.2.1.1. Respiratory protection: Use respiratory equipment

(type depends on specific application and material being ground)

8.2.1.2. Hand protection: Wear protective gloves

(type depends on specific application and material being ground)

8.2.1.3. Eye protection: Wear protective goggles or face shield

(type depends on specific application and material being ground)

8.2.1.4. Hearing protection: Use hearing protection

(type depends on specific application and material being ground)

8.2.1.5. Body protection: Use protective clothing

(type depends on specific application and material being ground)

## 9. Physical and Chemical Properties

9.1 Physical state: solid

9.2 Colour: .....

9.3 Solubility in water: Non-soluble

## 10. Stability and Reactivity

### 10.1. Reactivity

Coated Abrasives are stable when handled or stored correctly.

### 10.2. Chemical stability

No decomposition in normal use.

### 10.3. Possibility of hazardous reactions

No dangerous reactions known.

#### **10.4. Conditions to avoid**

Coated Abrasives are stable when handled or stored correctly.

#### **10.5. Incompatible materials**

No dangerous reactions known.

#### **10.6. Hazardous decomposition products**

At temperatures exceeding 250° C hazardous or toxic decomposition products may be generated.

### **11. Toxicological Information**

No toxicological effects if inhaled or swallowed or with eye or skin contact are known.  
See also section 8.

### **12. Ecological Information**

#### **12.1. Toxicity**

No effects known.

#### **12.2. Persistence and degradability**

No biodegradable potentials known.

#### **12.3. Bioaccumulative potential**

No potentials known.

#### **12.4. Mobility in soil**

No potentials known.

#### **12.5. Results of PBT and vPvB assessment**

Not relevant.

#### **12.6. Other adverse effects**

No effects known.

### **13. Disposal Considerations**

#### 13.1. Product

Follow national and regional regulations!

Due to the ingredients (sum concentration above the limit) disposal as hazardous waste (2000/532/EC) (EWC – Nr. 120120)

#### 13.2. Packing

Follow national and regional regulations!

### **14. Transport Information**

The product is not covered by international regulation on the transport of dangerous goods.

### 15. Regulatory Information

No specific marking requirements under respective EC directives

### 16. Other Information

Hazard statements referred according to Regulation (EC) N° 1272/2008 and according to Directive 67/548/EWC:

H372 - Causes damage to organs through prolonged or repeated exposure

H302 - Harmful if swallowed

H332 - Harmful if inhaled

H411 - Toxic to aquatic life with long lasting effects

P273 - avoid release into environment

P314 - consult medical attendance

P281 - use required personal protective equipment

The above information is based on our current standard of knowledge and does not constitute any warranty of conditions of the product. The information does not form part of any contractual agreement. It remains the user's responsibility to adhere existing laws and regulations.

Issued by quality assurance
