

1. INTRODUCTION

A light duty, apple fragranced cleaner and polish for internal automotive plastics and veneer trim.

SAS15 – 500ml Aerosol

2. WHERE TO USE

On dashboards, fascias, door handles and locks assemblies.

3. WHERE NOT TO USE

- On any surface where increased slip would be hazardous, i.e. steering wheels, foot pedals, etc.

4. BENEFITS

- Dual action - cleans and shines.
- Ease of use, no need to buff.
- Restores original appearances.
- Pleasant apple fragrance.
- Fast acting, virtually instantaneous evaporation.

5. PHYSICAL PROPERTIES (Base renovator except where stated).

| | |
|-----------------------------------|--|
| Appearance | a colourless liquid with a strong apple fragrance. |
| pH | Not applicable |
| Specific Gravity | 0.80 - 0.82 |
| Viscosity | Thin mobile liquid. |
| Non Volatiles % m/m | 30 – 40 |
| Active Content % m/m, as supplied | 50 – 60 |
| Flammability, as supplied | Extremely flammable, flash point below -20 C |
| Composition Data, as supplied | a solution of silicone fluid and synthetic apple fragrance in isopropanol and naphtha (petroleum), hydrotreated light, in butane/isobutene/propane propellant. |
| Service Temperature | Designed for use at ambient temperatures. |

6. APPLICATION DETAILS

Apply from a distance of 20 – 30 cm. For optimum shine allow to dry. For reduced sheen and improved cleanliness wipe with a soft cloth. Remove excess product or “overspray” with a clean cloth.
